*Sam Houston Philatelics*

SHPAUCTIONS.COM • HOUSTON, TEXAS

## ★ ★ CONDITIONS OF SALE ★ ★

1. All lots will be sold to the highest bidder, at one increment over the second highest bid. When sending bids, state the highest price you are prepared to pay; your limit will not be used unless absolutely necessary.
2. Bids are to be as per lots numbered in the catalogue and in full dollar amounts. SHP reserves the right to withdraw any lot prior to the sale closing, and/or reject unreasonable or questionable bids. Some lots may have a "Minimum Bid" (MB); bids less than the "MB" are respectfully declined. Opening bids and Prices Realized are available on our website shpauctions.com.
3. All lots are guaranteed genuine. Should a competent authority, such as the Philatelic Foundation, PSE, PSAG, or APS, prove any lot otherwise, SHP will reimburse purchaser for the cost of the item and certificate. SHP must be notified within 10 days of receipt of item of intent to obtain certificate. Stamps with existing certificates dated within five years of sale date are not eligible for returns if a different opinion is rendered. We do not guarantee our centering will concur with the PSAG/PSE/PF's system of grading. SHP is liable for certificate cost up to \$100 only; lots must be paid for in advance.
4. Lots are Not Returnable for the following reasons:
  - A. Lot contains ten or more items.
  - B. Lots were viewed by Purchaser or Agent.
  - C. Lots described as having defects, faults or 'as is'.
  - D. Lots photographed are not returnable for reason of centering, perforations, ccls, or visible faults.
  - E. Lots bid on incorrectly, due to bidder error.
  - F. Lots returned after 10 days of receipt for any reason.
5. Bids should be placed according to the following increments. Bids which do not conform to the above will automatically be reduced to the appropriate level.

Up to \$50 .....	\$2.	\$400 to \$750 .....	\$25.
\$50 to \$200 .....	\$5.	\$750 to \$1500 .....	\$50.
\$200 to \$400 .....	\$10.	Over \$1500 .....	\$100.

★ Over \$1500 also by Auctioneer's option

6. All Lots Payable Prior to Shipment, unless party is known to us, (in which case material will be shipped), and payment is expected within 10 days of receipt. Payment by cash, check, money order, drawn from a United States bank in U.S. dollars. Credit cards accepted are VISA, MASTERCARD, DISCOVER & PAY PAL only. Invoice will include charge

- for postage & handling, and/or insurance, registration if required, plus 15% buyers commission. Texas state sales tax will be added where appropriate. Successful bidders must pay for lots within 10 days of receipt unless prior arrangements have been made. Unpaid for lots remain the property of SHP and in event of default by purchaser, will be resold with any loss arising being the responsibility of defaulter. Any account more than 30 days in arrears will be subject to 1½% per month late fee. Should legal action be required, defaulting purchaser is responsible for all such charges incurred.
7. Telephone Bids are acceptable, but must be confirmed in writing. Due to time constraints in taking lengthy bids over the phone, we prefer bids to be mailed, faxed, or e-mailed, reserving last minute bids and changes by phone. However, should a phone bid be necessary, we will be happy to cooperate.
8. Catalogue Values and Numbers are from the latest edition of Scott Catalogue. Estimates of the actual value may be more or less than catalog, and are located in the far right hand column. Scott provides a Supplemental Value Catalogue listing values for grades above and below very fine. In cases of PSE, PF, or PSAG graded stamps with certificates, the appropriate Scott S or PSE SMQ value for that grade is listed. "cv" at the end of each lot description indicates the catalog value. Sam Houston Duck Company's list has been used for catalog numbers and estimates of duck stamps, except for those with graded certificates as covered above. Other specialty catalogs used for otherwise unlisted issues are Ira W. Cotton, H. Richoux and D. Torre. Values provided are for bidder guidance, and actual realizations may vary.
9. Mint Stamps have Original Gum (OG) unless stated otherwise. Stamps listed as Unused will be without gum. See symbols (next page) for additional information. Never hinged (NH) stamps will be listed as such.
10. Cover Lots – When described, postal markings are graded by comparison to the illustrations in the American Stampless Cover Catalogue. Evidence of aging is to be expected on older material, especially stampless covers. Light toning, file folds and edge foxing are the rule rather than the exception, and lots are not returnable for these minor reasons. We do try to mention these characteristics in any event. More serious faults, such as major tears, missing flaps, or stains will be described within.
11. Placing of a bid constitutes acceptance of the conditions of sale. Bidding is a privilege ... and a contract. Review your bids carefully to avoid error. Lots are not returnable due to bidder error.

### METHODS OF BIDDING

#### LIMIT BIDDING

When placing a limit on the amount you wish to "win," restrict your bids to no more than twice the amount of your total limit. For example, if you set a limit of \$500, the total amount of your bids should not exceed \$1,000. If you mail your bidsheet, please signify your limit, or if you email or use the Internet, also please signify your limit.

#### "OR" BIDDING

You may bid on two or more lots, or more, within reason. Remember that you will only win ONE of the lots. Specify the lots by writing "or" between the lot numbers for which you are placing bids. The system picks the lot you are most likely to "win".

#### TIE BIDDING

A lot is awarded to the first bid received. Be timely on getting your bids to us. We accept bids via fax, phone, email, bidding on [shpauctions.com](http://shpauctions.com) or [StampAuctionNetwork.com](http://StampAuctionNetwork.com) (SAN), or through the mail.

#### OPENING BIDS

The "Opening Bid" you see on our site or SAN, is one increment above the second highest bid. If you see that the opening bid is higher than your bid, you will need to raise your bid. If the opening bid is lower than your bid, you are most likely the high bidder.

#### UPDATES ON YOUR BIDS

You will receive a confirmation that we have received your bids when bidding on SAN or [shpauctions.com](http://shpauctions.com). If we have a valid email on file, you will receive updates on where your bids stand.

## Sam Houston Philatelics is honored to offer the Dave Pollard collection of duck stamps.

Dave Pollard (1942-2023) was an active sportsman and dedicated collector in the Durham, N.C. area.

Wildlife preservation was Dave's lifetime cause. In 1970, Mr. Pollard founded the original Durham chapter of Ducks Unlimited, then served as the first DU area chairman for Durham County. Recruiting many others to serve, Dave's leadership and avid support of DU continued throughout his lifetime.

Dave was also a passionate waterfowl decoy collector. He routinely attended all the major wildlife festivals along the east coast, from Easton Md. to Charleston S.C.. Both East Carolina Wildlife Festival and the Core Sound Decoy Festival were honored to invite Dave to judge their decoy competitions. Dave's admiration for waterfowl was obvious from the field to the gallery. Dave was proud to be a Diamond Life Sponsor of the National Wild Turkey Federation (NWTF).

Mr. Pollard loved all things duck stamp related, and you will find an abundance of items in this sale. Federal, Junior, State, Conservation, Errors and Varieties, Covers, and one of his preferred collecting fields — remarques. Please enjoy looking through the lots. If you have questions about an item, we are here to help, just give us a call.

Mr. Pollard was a U.S. Army Reserve veteran and spent most of his career working in the field of banking, real estate and investments were his work focus.

*The staff of Sam Houston Philatelics thanks the Pollard family for entrusting us with the sale of their loved one's stamps. We hope you find many items to enjoy adding to your collection.*
